Project Summary

Inspired by the IB® PYP principles, the program allows a more affordable educational offer for new realities under the WINS brand.

- An implementation-ready comprehensive EY programme
- No annual costs within WINS schools

Scope

Provide an alternative international EY program under the school's ownership.

Encountered Challenges

Ensuring the extensiveness of the programme structure, whilst avoiding complexities.

Opportunities

- Develop new EY schools
- Declensional nature of the program
- Adoptable by other schools
